-3-

 Class	Type	Time	Harbor	Borth	Remarks
3 submarine chasers	Krenstadt	in the	Windau	Marine Pier	No details were observed because of poor light
1 submarine	7/2	tt CVCIIIII	11	1 101	11
6 preed boat		11	17	51	tf
submarines		at noon	<b>t</b> f	ff	The boats, which were of the same type, were berthed in a group. Length of boat a rowin toly 60 meters, bridge step of in the front and aft; no armanent on deck.
submarine chasers	Kronstedt	n n			no armament on deck. On several days, boats individually into a western branch of the river in front of the bridge, presumably in order to coal, and/seturned after 2 to 3 hours. In addition to the gun on the forecastle, the boats had an AA
					gun before the bridge and twin-barreled or four- barreled AA gun aboft the stack. A naturess-type reder was on the mathead. The long afterdeck nounted the ucual 2 guns, one behind the other. The boats had apparently Voith - Schneider promulsion, since they were able to turn on the spot.
minesweeper 6 speed boats	T 301 PLCO	"	ft D	11	The boats were borthed in groups of three.
